SUBJ: Approval of Groundwater Monitoring Work Plan
Brown's Dump Site - Jacksonville
EPA I.D. Number: FLD 980 847 016

Dear Mr. Pearson:

The U.S. Environmental Protection Agency (EPA) has reviewed the work plan for groundwater monitoring submitted via email on August 16, 2002. The Florida Department of Environmental Protection (FDEP) is also in receipt of the original work plan (May 2002) and the August 2002 work plan; however, as of the date of this letter, EPA has not received any comments from the State on either plan.

After talking to John Belyea of CH2MH and reviewing the August 2002 work plan, EPA concurs with the plan as proposed.

If you have any questions on this letter or need to discuss any project aspects, I can be contacted by phone at (404) 562-8486 or email at Hardegree.wes@epa.gov.

Sincerely,

Wesley S. Hardegree
